### 3) Overview of Reservations

The number of reservations is steady for both domestic and international routes.

As for international routes besides the Taipei route, performance is particularly good on the Shanghai route, which Peach opened in November as the first Japanese LCC to offer services to and from Shanghai. Seat reservations are already mostly sold out for flights departing from both Tokyo (Haneda) and Osaka (Kansai).

Some seats are still available depending on the date. Reservations may be made at the Peach website at [www.flypeach.com](http://www.flypeach.com) where information on seat availability is updated daily.
