## Peach Energize Its Women Travelers with Alinamin R Off

- **Campaign valid for all domestic routes**
- **Bottles to be given out starting July 3 until stock to be run out**

Peach Aviation Limited (Peach; Representative Director & CEO: Shinichi Inoue, Head office: Izumisano-shi, Osaka) announced today that Takeda Pharmaceutical Company Limited will engage in a collaborative promotional campaign with Peach, giving out complimentary bottles of Alinamin R Off.

Alinamin R Off stands out within the Alinamin product line for its fresh lavender and grapefruit fragrance, its low caloric content (only 2kcal per bottle), and the fact that it contains no caffeine, making it a healthy drink that women can enjoy even before going to sleep.

Half of Peach's passengers are women, a high percentage for a Japanese airline. This makes Peach a perfect partner for collaboration such as this one showcasing a product targeted at women.

Peach will continue with its collaborative approach, unique among airlines, working with various companies and organizations to boost awareness of both Peach and its partners.
