In 2021, we established six new, mainly regional routes, including the Nagoya (Chubu) – Okinawa (Naha) route, as well as the first LCC routes from Tokyo (Narita) and Osaka (Kansai) to Memanbetsu. Peach's domestic network has further expanded to become one of the largest LCC networks in Japan, with 33 routes. In 2022, we will continue to deliver easy air travel with low fares.

Peach will continue to take thorough countermeasures to stop the spread of COVID-19 and build new travel styles with customers while contributing to the revitalization of local economies as a public transportation system connecting various regions of Japan.
