

## New Routes and Increase the Flights for the 2021 Winter Schedule (from Oct. 31)

- Demand expected to recover as vaccination progresses
- One round trip per day will be operated between Fukuoka and Ishigaki
- Increase the flights on four routes, to/from Nagoya (Chubu) and Fukuoka

Peach Aviation Limited (hereafter: Peach, Representative Director and CEO: Takeaki Mori) announced today that its winter schedule (from Oct. 31 2021, to March 26, 2022) would include new routes and an increased number of flights.

While some routes are currently operating with a decreased number of flights due to COVID-19, there have been signs of recovery in passenger demand, a trend that is expected to increase going forward as vaccinations progress.

In light of these developments, Peach has decided to add new routes and increase the number of flights to improve customer convenience and maximize profits. See below for more information on affected routes.

Furthermore, to ensure that customers can fly with peace of mind, Peach will continue to take thorough infection prevention measures and reliably provide low-cost, easy travel to those who need it under the theme of "Bridging Your Sky." We will also help reinvigorate society as we fulfill our role as a public transportation provider that links regions.
