- 6 Flights, 3 Round Trips Daily Increased to 8 Flights, 4 Round Trips**
- To Become 10 Flights, 5 Round Trips Daily Starting March 22**

Peach Aviation Limited (Peach; Representative Director & CEO: Shinichi Inoue, Head office: Izumisano-shi, Osaka) announced today that it had increased the number of flights it services on its Osaka (Kansai) – Fukuoka route.

While 6 flights on 3 round trips had been serviced daily during the winter schedule period, a morning flight has been added as of today, making our daily service 8 flights on 4 round trips. The increased number of flights will enable us to offer our customers a greater selection to choose from and improve convenience for those who fly this route.

The increase in our flights comes as a commitment to Fukuoka market and the start of full operation of Peach's 7th aircraft, which arrived at Osaka's Kansai International Airport at the end of January.

As the Osaka (Kansai) – Fukuoka route is Peach's main route, the company plans to run 10 flights on 5 round trips daily starting March 22.

Enjoy more carefree air travel with the network offered by Peach, becoming more convenient than ever. For our timetable and bargain campaign information, please refer to the Peach website ([www.flypeach.com](http://www.flypeach.com)).
